Status of Water System Management Plan (WSMP)

Check one of the following, and if applicable, provide the required information:

- the WSMP for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- the WSMP for the project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the Following:

Water System Name: City of Asheville

Owner Name: City of Asheville

PWS I.D. No: 01-11-010

WSMP No: 10-01179

WSMP Title: City of Asheville.

WSMP Completion Date: 01/07/2011

County: Buncombe

Note: Attach to this Application, a letter from the applicant stating that the previously submitted WSMP contains the information required by Rule .0307 © for the project defined in the attached engineering plans and specifications.

- The WSMP for the project, as defined in the attached engineering plans and specifications, has not been submitted.

Note: When the WSMP is submitted, the applicant must clearly identify the previously submitted project engineering plans and specifications for which the WSMP was prepared.

Status of Engineer's Report

Check one of the following, and if applicable, provide the required information:

- The Engineer's Report for the project, as defined in the attached engineering plans and specifications, is submitted with this application.
- The Engineer's Report for the project, as defined in the attached engineering plans and specifications, was previously submitted.

Provide the Following:

Water System Name: City of Asheville

Owner Name: City of Asheville

PWS I.D. No: 01-11-010

Engineer's Report No: 00-00139

Engineer's Report Title: City of Asheville Water System

Engineer's Report Submittal Date: December 16, 1999

County: Buncombe

Note: Attach to this application, a letter from the engineer stating that the previously submitted Engineer's Report contains the information required by Rule .0307 (b) for the project defined in the attached engineering plans and specifications.

These plans and specifications cited in the foregoing application are hereby approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes, with the following provisions:

This approval is given with the understanding that upon installation of such works, its operation shall be placed under the care of competent person, and the operation shall be carried out according to best accepted practice and in accordance with the recommendations of the Division of Environmental Health.

The official copies of plans and specifications accompanying this application have been sealed and stamped with the project number of this application _____. Only such plans and specifications are included in this approval and any erasures, additions or alterations of the proposed improvements except those permitted in T15A: 18C.0306 will make such approval null and void.

Signed: _____

City of Asheville,
Director of Water Resources Department.
or Authorized Representative
