Transportation Funding	S20/ H40 IRC Update/Motor Fuel Tax Changes		The bill will very quickly cut the state motor fuels tax by 2.5 cents per gallon, but subsequently create a new, higher floor for the tax which should provide stability for the transportation revenue stream going forward. Cities and towns maintain the majority of road miles within their borders, and roughly one quarter of the money spent for this purpose comes from state Powell Bill funds. If the gas tax remains unchanged, it is expected to fall by as much as 6 to 8 cents per gallon.		Ch. Local Debt	H128 Referendum for Certain Local Debt.		H128 would allow voters to force a referendum on debt secured by local issuances of certificates of participation (COPs) and other non-general obligation bond indebtedness. H128 would require a referendum on all borrowing for local government capital projects when 5 percent of that local government's voters sign a petition requesting a vote. In 1991, the North Carolina Supreme Court upheld local governments' use of certificates of participation and other "special indebtedness" that does not require a voter referendum. Since then, both local governments and the state have extensively used this form of borrowing, with the state having last put a bond referendum before voters in 2000. The General Assembly in 2013 placed limits on the state's use of state special indebtedness going forward. <p>Legal Notices</p>	<p>H156/S129 Legal Notices/Require Internet Publication.</p>		<p>This bill requires Internet Web site publication of legal notices. Legislators in both chambers filed companion electronic notice bills Wednesday that failed to allow municipalities the option to publish their own electronic legal public notices in lieu of publication in a newspaper. Instead of granting that authority to local governments, H156/ S129 Legal Notices/Require Internet Publication would continue a monopoly for the press regarding electronic notice while providing little or no financial relief for taxpayers. H156/S 129 would require newspapers to publish legal notices online at no additional charge, when a governmental entity had paid for the statutorily-required print notice.</p>		<p>Passed Cross Over</p>	<p>(House) 3/4/15 Filed; 3/5/15 Passed 1st Reading; Ref To Com On Judiciary III; 3/30/15 Passed 2nd Reading; Passed 3rd Reading; 3/31/15 Regular Message Sent To Senate (Senate) 3/31/15 Regular Message Received From House; Passed 1st Reading; Ref To Com On State and Local Government; 6/9/15 Withdrawn From Com; Re-ref Com On Finance</p>
<p>PSAPs</p>	<p>H512 Amend/Clarify Back-Up PSAP Requirements.</p>		<p>H512 would give local governments more flexibility in meeting requirements that primary 911 centers have back-up capability. The Senate version of HB 512 Amend/Clarify Back-Up PSAP Requirements also includes a provision that would prevent municipalities from being additionally charged for county services when those services are already funded through county property taxes. Specifically, the bill would, in many circumstances, prevent municipal taxpayers from paying for the operation of county-run 911 center if those taxpayers' county ad valorem taxes are already going to pay for that operation. The Senate added language so that the protection does not supersede any existing agreements between cities and counties. The bill now goes back the House for consideration of the Senate changes.</p>		<p>Ch. Advocacy Principle: Community Standards

Asheville, the largest city in Western North Carolina, is nationally known for its natural beauty, rich architectural legacy, and entrepreneurial energy. In order to promote economic vitality in a manner that maintains the unique features that make our community a desirable place to live, work, and play, municipalities and local officials need to be enabled with the tools and authority to make local decisions.

S617 addresses complications created by a recent court decision that placed infeasible requirements on local government finance officers for pre-audit certifications of all disbursements; allows owners of property that is partially in a county and partially in a municipality to choose which government's development ordinances would apply to development of the entire tract; requires local governments that provide electric vehicle charging stations to charge user fees to recoup costs; requires a supermajority when the N.C. Board of Transportation takes a vote to approve reduction of travel lanes for state roads within municipalities to accommodate bike travel lanes; permits local governments to lease property for the purposes of telecommunications towers for a period of up to 25 years without treating the lease as a sale; among other provisions, restricts city and county authority to require compliance with State rules or regulations that were deemed voluntary, regulate hospital or free-standing emergency room signage, regulate ownership or possession of five or fewer beehives			(Senate) 3/26/15 Filed; 3/30/15 Passed 1st Reading; Ref To Com On Rules and Operations of the Senate; 4/20/15 Withdrawn From Com; Re-ref to Agriculture/Environment/Natural Resources.
