Resolution No. 16-83

RESOLUTION AFFIRMING THE DIGNITY OF LESBIAN, GAY, BISEXUAL, AND
TRANSGENDER PEOPLE AND CALLING FOR THE REPEAL OF
SESSION LAW 2016-3/HOUSE BILL 2

WHEREAS, on February 22, 2016, the Charlotte City Council demonstrated admirable leadership by approving a local ordinance that adds marital status, familial status, sexual orientation, gender identity, and gender expression to its list of categories protected from discrimination in city contracting and public accommodations; and

WHEREAS, on March 23, 2016, in response to the Charlotte ordinance, the North Carolina General Assembly in special session ratified, and Governor Pat McCrory signed, House Bill 2 (Session Law 2016-3), the Public Facilities Privacy & Security Act; and

WHEREAS, House Bill 2 appears to repeal the Charlotte ordinance by establishing new statewide standards for what constitutes discriminatory practice in employment and public accommodations; and by establishing new statewide requirements for bathrooms and changing facilities in all public agencies, including schools; and

WHEREAS, the omission of sexual orientation, gender identity, gender expression, and other categories from the statewide list of categories protected from discrimination means that not only do protections on these bases appear to be unavailable under state law, but further, that local governments appear to be preempted from offering these protections to their residents; and

WHEREAS, the legislation also appears to eliminate the right of any person to bring a civil action in a North Carolina court for a claim of discrimination in employment or public accommodations on account of race, religion, color, national origin, age, or biological sex (as well as handicap for employment only); and

WHEREAS, by enacting House Bill 2, our state's political leaders have once again taken extreme measures to attempt to diminish the legislative authority of local governments, and have once again used the laws of the State of North Carolina to codify discrimination and division rather than to advance the rights and dignity of North Carolinians; and

WHEREAS, the legislation, its brief twelve-hour legislative history, and lawmakers' public statements clearly demonstrate a discriminatory intent; a lack of knowledge and understanding of the experiences of transgender people; and a lack of respect for the dignity of lesbian, gay, bisexual, and transgender (LGBT) people on the part of the General Assembly and Governor McCrory; and

WHEREAS, the legislation is inconsistent with the Equal Protection Clause of the United States Constitution, which provides that no state shall deny to any person within its jurisdiction "the equal protection of the laws" (US Const amend XIV, § 1); and the legislation is mean-spirited and "born of animosity toward the class of persons affected" (*Romer v Evans*, 517 US 620 [1996]); and

WHEREAS, the General Assembly expended an estimated \$42,000 to hold an urgent special session to enact House Bill 2, meanwhile neglecting to act with urgency to address real challenges facing the people of North Carolina: the state's 18% poverty rate (including 25% of children and 27% of African Americans); expansion of the Medicaid program and access to high-quality health care for all; funding for public education, including historically black colleges and universities; protection of the natural environment; mitigation of and adaptation to the effects of global climate change; and job opportunities and fair and living wages for all workers; and

WHEREAS, Asheville is a community dedicated to the principles of equality, nondiscrimination, and full inclusion and engagement by any resident in the civil rights, benefits, and privileges of all residents; and

WHEREAS, Asheville has a proud history of advancing the rights of LGBT North Carolinians, including creating a domestic partner registry and extending eligibility for employment benefits to same-sex partners of City employees; and among the first to support civil marriage for same-sex couples.

NOW, THEREFORE, BE IT RESOLVED:

SECTION 1. The Asheville City Council reaffirms its support for protecting and advancing the constitutional rights and equitable treatment of all residents and its opposition to discrimination, prejudice, homophobia, and transphobia.

SECTION 2. The Asheville City Council applauds the people of Charlotte and the members of the Charlotte City Council for their historic achievement, and particularly for their courageous leadership in standing for dignity and equality in North Carolina's largest city.

SECTION 3. The Asheville City Council extends gratitude to the Buncombe County Board of Commissioners, which approved a resolution regarding House Bill 2 on April 5, 2016.

SECTION 4. The Asheville City Council urges the North Carolina General Assembly to repeal House Bill 2 at the earliest opportunity. Meanwhile, Council will look to the court system for remedy, seeking opportunities to partner with other local jurisdictions and advocacy organizations in taking appropriate legal action against this unconstitutional legislation; to adopt appropriate local ordinances to advance the cause of equal protection; and to encourage other local governments to exercise their legislative authority to promote equal protection and nondiscrimination.

SECTION 5. The Asheville City Council encourages all businesses providing public accommodations in Asheville and throughout North Carolina to demonstrate their support for the dignity of all people by openly welcoming LGBT people to their places of business, and by providing gender-nonspecific bathroom facilities for their customers and employees wherever practicable.

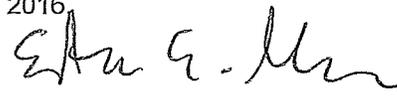

SECTION 6. The Asheville City Council encourages all municipalities, counties, and boards of education in North Carolina to adopt similar resolutions at a special meeting or at their next regular meeting calling for the repeal of House Bill 2.

SECTION 7. The Asheville City Council asks the city clerk to send copies of this resolution to the members of the Buncombe County delegation to the General Assembly, the chair of the Buncombe County Board of Commissioners, and the mayor of the City of Charlotte.

Exhibit A
CITY OF ASHEVILLE 2016 LEGISLATIVE AGENDA

Municipal Authority

Like all municipalities in North Carolina, Asheville has unique economic, environmental, and cultural interests. Maintaining municipal authority to promote, regulate, and celebrate these interests is essential to enable local officials to best address local needs.

- Support legislation which preserves and/or enhances municipal authority, specifically:
 - Support legislation which enables municipalities' authority to opt in to regulating digital dispatching ("car sharing") services.
 - Continue municipal authority to establish and maintain Municipal Service Districts (MSD).

Municipal Revenue

The fiscal health and responsibility of municipalities require stable revenue sources that are proportionate to the need for local services. Responsible fiscal management requires the protection of revenue sources both under, and outside of, municipal control.

- Support legislation that enhances municipal fiscal sustainability, including:
 - Support legislation which restores lost revenue due to the repeal of Privilege License Tax authority.
 - Seek legislation to give municipalities the option to use electronic legal public notices in lieu of newspaper publication.
 - Oppose sales tax distribution reform that would decrease sales tax revenue to Asheville.

Mandates

Unfunded and burdensome legislative and regulatory mandates undermine the efficiency, effectiveness and success of municipal programs and services.

- Support legislation which enhances revenue for public education and transportation infrastructure without negatively impacting existing municipal revenues.

City Services

The City of Asheville, which provides high quality services to meet the dynamic needs of its residents, requires adequate authority and flexibility to finance, operate, and manage these services.

- Oppose legislation that limits or removes local control over public utility systems.
- Oppose legislation that limits municipal control of enterprise funds.
- Oppose legislation that removes or limits the authority of municipal building code enforcement officers. Proposals to remove building code enforcement officers' authority to order corrections during construction compromises public safety by limiting when corrections may occur solely to the design and review phase.

Transportation

A core responsibility of North Carolina's cities and towns is to provide for the safety and well-being of all transportation users while maximizing the gains to commercial and economic

activity, arts, culture and entertainment, and quality of life for our residents, visitors and businesses.

- Maintain Powell Bill funding for municipal transportation infrastructure.
- Increase state funding for and preserve municipal authority to regulate, fund, and build multi-modal projects, including bike lanes, sidewalks, and traditional transit apparatuses. Preserve bicycle safety regulatory authority at the local level.
- Continue regional collaboration through active Municipal Planning Organizations (MPO) empowered to address region-specific transportation issues.
- Continue intergovernmental partnerships to plan, design, and build the I-26 connector.
- Maintain the independence of state transportation funding priorities through the data-driven Strategic Mobility Formula established by the Strategic Transportation Investments law (STI).

Economic Vitality

An economically vital community enables Asheville to provide for opportunity, mobility, and a high quality of life for its residents.

- Restore funding of the state's Housing Trust Fund.
- Increase funding of the Workforce Housing Loan Program.
- Restore the State Affordable Housing Tax Credit.
- Repeal of Session Law 2016-3/House Bill 2

Community Standards

Asheville, the largest city in Western North Carolina, is nationally known for its natural beauty, rich architectural legacy, and entrepreneurial energy. In order to promote economic vitality in a manner that maintains the unique features that make our community a desirable place to live, work, and play, municipalities and local officials need to be enabled with the tools and authority to make local decisions.

- Oppose legislation that removes or limits local control of the regulation of trees.
- Oppose legislation that preempts municipal authority to regulate design and aesthetic controls in historic districts.

Environmental Stewardship

As a community committed to sustainability and environmental stewardship, Asheville needs adequate regulatory authority in order to maximize its partnership in environmental protection with state and federal agencies. As a city with a proud mountain heritage and identified as a destination for ecotourism and "green" industry, the Blue Ridge mountain region's natural beauty is recognized as a great benefit to the community. Environmental protection is essential to a high quality of life, cultural heritage, and economic development.

- Oppose legislation that would limit municipal authority to regulate environmental standards such as erosion control or stormwater quality.
- Continue to support the effective clean up and disposal of coal ash across the state.
- Increase funding to the state's natural resource focused trust funds.
