

## LAKE CRAIG FLOOD MANAGEMENT – AZALEA ROAD PROJECT

**Posted**        **11/02/11**

**Last Revised**   **10/8/12**

LATEST NEWS: The Environmental Assessment is now available. Click [here](#) to view the document. See the timeline below for information about where to submit comments.

On May 10, 2011, City council adopted a resolution authorizing the city manager to sign a contract for completion of Phase 1 of the Lake Craig Project. Read background information about the project in [minutes](#) of City Council.

This project is the highest priority in the Swannanoa Watershed Flood Risk Management Project and will provide additional flood protection to the area downstream of the Lake Craig dam. The project will also improve access to Azalea Park and provide a much needed water connection to the John B. Lewis Soccer Complex.
