

Public Workshop

The Historic Resources Commission of Asheville & Buncombe County invites you to participate in a second public workshop as we move ahead in the development of Asheville and Buncombe County's Historic Preservation Master Plan.

Building on efforts from the initial kick-off meeting, Heritage Strategies will present an overview of the historical development of the City and the potential goals and objectives of the planning process. Be prepared to engage with the facilitators to share your visions and goals with respect to maintaining the historic community character of Asheville and Buncombe County.
