

Sidewalk Waste Station Project

Posted: 3/20/14

Last Revised 9/05/2014

What's happening now?

Waste station installation has been completed

Background:

In spring 2013 Asheville City Council approved funding the Economic Development Capital Improvement Program (EDCIP) to support revitalization efforts in Asheville. The downtown waste station project is one of the first projects funded through this effort. The primary goals of this project include:

- Improve downtown cleanliness by providing garbage and recycling receptacles as well as cigarette butt ash trays and pet waste bag dispensers in downtown Asheville.
- Reduce waste going to the landfill by upgrading current garbage cans to include a recycling option.

Project Timeline

Date	Task	Status
2014		
April –May	The waste stations will be delivered the city and installed. Sidewalk space under previous trash cans will be cleaned before installation of new stations.	Complete
February-March	Staff will finalize a contract for installation of the waste stations.	Complete
January	Staff worked with the Downtown Design Review Committee and Downtown Asheville Residential Neighbors (DARN) to finalize where waste stations will be installed and which stations will have pet waste bag dispensers. See map .	Complete
January	The waste station contract was awarded to Leisure Craft Manufacturing from Hendersonville, NC. The company needs 90 days to manufacture.	Complete

2013		
November	Staff issued a competitive bid package for the fabrication of the waste stations.	Complete
October	Staff met with the Downtown Design Review Committee and the Sustainability Advisory Committee on Energy and the Environment (SACEE) to discuss specifications of bins and choosing an aesthetic to match current downtown street furniture.	Complete
September	Staff met with a downtown residents and business stakeholder group to share the project goals and timeline.	Complete
July	Funds were allocated for this project.	Complete
June	City Council approved the project as part of the Economic Development Capital Improvement Program (EDCIP).	Complete
