Boston	To improve public spaces throughout Boston. Three categories: The Streetscape, City Hall, and Random Awesome Design, or RAD	\$4,500	link	Office of New Urban Mechanics in City Mayor's Office	TD Bank, staffing agency Robert Half, Design Museum Boston, Boston Transportation Dept, Greenovate Boston, Boston Art Commission	"designers, makers, artists, and engineers to improve Boston. We are asking members of our vibrant creative community to submit project ideas to make our public spaces simple, intuitive, and literally awesome."	Apply through Google form online, develop poster and design process, have a goal to implement 4-6 projects	Looking for things that are functional, durable, scalable, beautiful -Submissions should be in the \$1000 - \$4,500 range for construction and implementation and include a proposed budget. •Submissions should aim to make civic space, infrastructure, or civic processes more inviting, functional, user friendly, and fun. •Submissions should be durable, and capable of lasting under normal use and our lovely New England weather conditions. •Submissions should be implementable within the next 6 months. •Submissions are encouraged to have a community partner if applicable. •Submitted ideas should aspire to have an inherent sense of wonderment and discovery built into them. •Submissions that are not geographically specific should include a preferred list of locations for implementation. Suggested locations should be owned by the City of Boston. You can view parcel ownership here: http://www.cityofboston.gov/assessing/ •Ideas that can be replicated or scaled in the future are most compelling.	150 Days
