

Hazel Robinson Amphitheatre at Montford Center

90 Gay St., Asheville, NC 28801

The Montford Park Players encourage the use of the Hazel Robinson Amphitheatre as much as possible by other groups during the summer months and work closely with Asheville City Parks and Recreation Department to help make this resource available to as many community oriented performance groups as possible, however their heavy use of the theater during the summer does limit its availability.

If you would like to stage an event at the amphitheatre, follow this 2 step process:

1) Contact John Russell, Managing Director (254-5146) to verify availability of the date you would like to reserve and to work out these details.
