

## Safety Net clinics of Buncombe County

is a group of non-profit organizations dedicated to providing health care and human services to uninsured, underinsured, and low-income residents of Buncombe and Madison Counties. Though each clinic is individually run, all clinics in the safety net work together to expand and improve services. To find out more about services available at each clinic, please contact it directly.

Many of these organization depend on community support through financial contributions, volunteers, and in-kind donations. If you are able to help in any way, please contact the specific organization or call 250-5205.

**Health Partners** is a unifying organization that promotes, supports and facilitates collaboration among those who desire to improve our community's health. Health Partners serves as Buncombe County's Healthy Carolinians Coalition.

This information provided by the Community Providers Forum and the Safety Net Steering Committee.

For questions or to update information in this brochure, please contact Health Partners at 828-250-5205 or [j.nelson-weaver@healthpartnerswnc.org](mailto:j.nelson-weaver@healthpartnerswnc.org)
