Charlotte, NC 28202

T: 704.358.7204  
F: 704.358.7205

**Subject:** Addendum No. 3  
**Date:** October 28, 2016

**Project:** Miscellaneous Water Treatment Plant Improvements  
**Owner:** City of Asheville  
**To:** Plan Holders

Contractors submitting proposals for the above-named project shall take note of the following changes, additions, deletions, clarifications, etc. in the Contract Documents, which shall become a part of and have precedence over anything contrarily shown or described in the Contract Documents, and all such shall be taken into consideration and be included in the Contractor's bid proposal.

Plan holders wishing to submit bids should acknowledge receipt of this and all Addenda by listing the Addendum Numbers on the appropriate line of the Bid Form – Section 00 41 00, page 1. If every Addendum is not listed, the Bid Form will be considered nonresponsive.

This Addendum consists of one page and covers the following clarifications to questions.

## QUESTIONS

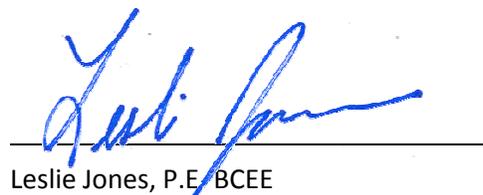

---

1. *The Advertisement says to replace the ROF Controllers in Filters 1-6 yet the Drawings only call for Filters 1-4 and the Backwash ROF Controller to be replaced. Do you want the ROF Controller replaced for Filters 5 & 6?*

As shown on the Drawings, the ROF Controllers for Filters 1-4 and the Backwash ROF Controller is a venturi tube and valve/actuator in a single unit whereas the ROF Controller for Filters 5 & 6 are separate venturi tube, spool piece of pipe, and valve/actuator. In order to replace the valve & actuator, the combined unit for Filters 1-4 must be replaced with an in-kind unit and only the valve and actuator for Filters 5 & 6 must be replaced with an in-kind unit.

2. *Please clarify with the Rebid Advertisement if there is an impact to the City's MWBE solicitation we have previously done.*

Since the bid/project did not change and only the Bid Date changed, there are no changes required to the MWBE solicitations previously performed.

Leslie Jones, P.E./BCEE

Project Manager
