**Subject:** Addendum No. 1 Contractor Prequalification RFQ  
**Date:** September 12, 2016  
**Project:** Asheville Miscellaneous Plant Improvements Project  
**Owner:** City of Asheville  
**To:** Potential Applicants

Contractors submitting proposals for the above-named project shall take note of the following changes, additions, deletions, clarifications, etc. in the Request for Qualifications, which shall become a part of and have precedence over anything contrarily shown or described in the Request for Qualifications, and all such shall be taken into consideration and be included in the Applicant's proposal.

## QUESTIONS

---

1. *Is there a defined page limit for the RFQ submission?*

No, there is no page limit.

2. *Is it possible to use a different format than the forms included in the RFQ for the project information provided that all required information is included?*

No, please use the forms provided in the RFQ including Attachment A.

3. *Please advise on Section 7 requirement for providing details on all projects completed in the last 5 years, we are having a hard time as our water and wastewater work is voluminous and providing past project information on all the jobs would be a huge task.*

Using separate copies of Attachment A for each project, provide up to 10 additional projects in addition to the three provided in Section 5 that have been completed in the past 5 years that best represent the Applicant's experience with projects of a similar size and nature to the Project.
